Pedo Pearls – Caries Management

Live CE Course Via Zoom

Date: Thursday, June 24, 2021
Time: 6:30pm – 7:30pm
Tuition: D $30 DT $15 Temple Faculty/Residents/Students FREE
Credits: 1 (L)

Recent studies have offered new insight into caries formation and management. The old ‘old standard’ of drill and fill no longer applies. This session will elucidate on the current concepts in caries formation, diagnosis, risk assessment, and monitoring. Also included are how to do a Caries Risk Assessment using the CAMBRA form and how to interpret it and how to implement treatment. Specific information will be given on when to treat and not treat as well as how to manage caries with fluoride, SDF, and fluoride varnish and interproximal sealants. Participants will be able to apply this information in creating a more friendly atmosphere with less drilling and more managing.

Upon course completion, you will:

Presenter:
Lance Kisby DMD, FASDC, FAAPD, MAGD

Dr. Kisby is a graduate of Tufts University School of Dental Medicine and did his Pediatric Dental training at Floating Hospital in Boston. He was in private practice for 17 years in Massachusetts before taking a position as Chief of Pediatric Dentistry at St. Mary’s Hospital in Waterbury, Connecticut. He became Chief of Pediatric Dentistry and Program director of the Pediatric Dental Residency he created at Geisinger Medical Center in Danville, PA, and then Division Chief of Pediatric Dentistry and Program Director of the Pediatric Dental Residency at A.I. DuPont Hospital for Children in Delaware. He is Board Certified in Pediatric Dentistry, the author of numerous articles, a contributing author of a Pediatric Dental textbook, a contributing author for a textbook on Cerebral Palsy and a former Contributing Editor for the Journal of Clinical Pediatric Dentistry. Dr. Kisby now practices in Lac du Flambeau, WI and brings over 45 years of clinical, practical, and teaching experience on many topics and issues in Pediatric Dentistry.
